

MOUNT LANGI GHIRAN

2021 Billi Billi Rosé

Mount Langi Ghiran is a pioneer of cool climate winemaking renowned for producing fragrant, spicy wine with elegance and character. Named after the creek that runs nearby our property, the Billi Billi Rose is a dry and delicately fresh wine with subtly spiced aromas.

The 2021 vintage was a remarkably cool season with frequently low minimum temperatures. The cool days and low overnight temperatures made for a long ripening period, resulting in supple tannins and complex cool climate flavour development.
